Owner Vaccine and/or Microchip Release

By signing below, I affirm that:

1. I understand the vaccinations of my pet will substantially reduce, but may not completely eliminate my pet's chances of contracting the disease or disease vaccinated against.
2. I understand that my pet may develop anorexia, lethargy, fever, and soreness within a few hours following vaccination and can last for up to 24 hours. I understand these adverse effects are usually minor and will usually resolve without the need for additional veterinary care. I understand that should my pet develop any severe or unanticipated reaction to the vaccination such as persistent vomiting or diarrhea, itchy skin (hives) swelling of muzzle and around face, neck or eyes, or severe cough/difficulty breathing, I should contact my veterinarian immediately for instructions.
3. I understand that getting my pet vaccinated may trigger autoimmune diseases, ONLY IF the pet has a preexisting condition.
4. I understand that Midland Humane Coalition or any agency associated with Midland Humane Coalition makes no warranty, either expressed or implied, as to the safety or efficacy of the vaccine being used and will not be held responsible for any reaction up to and including death.
5. I understand the information provided to me concerning vaccinations and the diseases they are intended to protect against and the adverse reactions that could occur. I have had opportunity to ask questions I have concerning about this information and vaccinations, and I have had all my questions answered to my satisfaction.

I request and give permission to have my pet vaccinated and/or microchipped.
