HEALTH OF YOUR PET:

The pet you are adopting from the Midland Humane Coalition (MHC) may have been exposed to various diseases from proximity to other animals prior to arriving at the Center. In addition, the physical conditions of some animals may have been less than ideal due to the conditions the animal may have had to endure prior to arriving at the Center; consequently, there may be some risk in adoption. We strive to carefully screen our animals and to inform prospective adopters of any perceivable problems however, there may be problems we are not aware of at the time of adoption. The adoption fee, and only the adoption fee, may be refundable if the adopted animal is diagnosed with a life-threatening disease (i.e. Parvo, Panleukopenia, Distemper). Documentation from a licensed veterinarian must be provided when requesting a refund.
